- Switching:** A "switch" involves selling participatory interests (units) in one portfolio and investing the proceeds in another portfolio. Accordingly, the Client will have to pay in the difference in the initial Financial Adviser charges. However, the Client and the Financial Adviser may agree on a different arrangement to that mentioned above, in which case an initial Financial Adviser charge as agreed, between the Client and the Financial Adviser, will be charged on the switch transaction. As costs may change from time to time, please consult with your authorised Financial Adviser. **STANLIB monitors account patterns of transactions for practices such as but not limited to market timing where an investor purchases and sells units within a short time period to take advantage of limitations in determining the net asset value of the funds. STANLIB reserves the right to delay or reject such transactions where investors engage in such practices in order to protect and ensure equitable treatment of all investors in the fund.**

If you are repurchasing all participatory interests and have elected to cancel your debit order, the participatory interests relating to uncleared debit order transactions will be **paid at the expiry of the 45 day clearance period**. If your debit order is to continue, the participatory interests in respect of uncleared debit order transactions will remain in your account at the expiry of the clearing period.
